Maternity and Parental Leave Policy

Purpose

This policy provides general guidance on maternity, paternity, adoption and shared parental leave for eligible employees.

Maternity leave

Eligible employees may take up to 52 weeks of maternity leave. Employees should notify HR as early as reasonably possible and provide the expected week of childbirth and intended leave dates.

Maternity pay

Where eligibility requirements are met, statutory maternity pay may apply. Any enhanced company maternity payment will be confirmed by HR in writing where applicable.

Partner and parental leave

Eligible employees may receive statutory paternity, adoption or shared parental leave in accordance with applicable UK requirements.

Returning to work

Employees should discuss their expected return date with HR. Flexible working requests connected with parental responsibilities should be submitted through the normal flexible working process.

Questions

Employees requiring advice about eligibility, pay or leave dates should contact HR.
